Architectural Review Committee (ARC) review is to encourage and promote good development that is related to the setting and established character of the surrounding area or neighborhood. To accomplish this, the ARC will review all areas of a proposal that influence outside appearance. Access, on-site circulation, grading, tree impacts, building placement, landscape areas, landscape planting, architectural style, bulk, mass, color and signs are evaluated for conformance with adopted design guidelines, tree protection standards and neighborhood compatibility. Applications may be approved as submitted, continued for further study, denied or approved subject to conditions, specified changes, additions, or deletions.
