RELEASE: **Immediate**

CITY OF MONTEREY STREET RESURFACING TO IMPACT TRAFFIC AND PARKING

The City of Monterey's annual street resurfacing program is scheduled to begin October 14 and completed by December 18, 2009. Following is the list of streets and locations scheduled for resurfacing. Local traffic access and parking will be restricted at these locations during the operations.

Striping removal and crack sealing will be performed between October 14 and October 23, 2009. Resurfacing work and striping will be performed from November 4 to November 13, 2009. Additional striping will be completed the week of December 14, 2009. The schedule is subject to change due to inclement weather conditions.

A notification from the City's contractor, Bond Blacktop, Inc., will be sent to affected residents and homeowners 72 hours prior to the actual operations. Vehicles parked on streets where work is being performed will be towed at owner's expense.

We appreciate your cooperation and patience during the construction of this important project. For updated information and project scheduling, please visit the Construction Updates page on the City of Monterey's website at: www.monterey.org/projects. Should you have any questions, please call the City of Monterey Capital Projects Office at (831) 646-3997.
