Drive Safe in Monterey- Hands Free for Safety

As part of the Monterey Police Department's Traffic Safety and Enforcement Strategy, we will launch the "Drive Safe in Monterey" Program. As part of the initiative, the **Hands Free for Safety** campaign will begin September 1, 2009 and will focus enforcement and education efforts on the illegal use of cellular phones while driving. The primary objective is to improve traffic safety on the roadways of Monterey by stopping drivers who violate traffic laws that are consistently ignored.

The Department will periodically identify and target other violations. Community members will be advised of each campaign through the media, the City of Monterey and Monterey Police Department websites, the City of Monterey Facebook page and at monthly Community Policing meetings.

Questions on the Traffic Safety and Enforcement Safety Strategy or the **Hands Free for Safety** campaign can be directed to Lt. Leslie F. Sonn , 831-646-3971 or sonne@ci.monterey.ca.us.
