**Special Traffic Enforcement Notification**

On March 11, 2009, from 6:00 AM to 12:00 PM, the Monterey Peninsula Strategic Traffic Operations and Prevention Program (S.T.O.P.P) will be conducting a special enforcement operation in the City of Monterey.

The Monterey Peninsula Police Chiefs adopted S.T.O.P.P. in 2008. The mission of the S.T.O.P.P. is to issue citations for traffic violations at specific intersections and roadways where a high frequency of traffic collisions and vehicle code violations occur.

Our efforts will make our roadways safer for motorists and pedestrians.

Community members will see officers from different police agencies participating in traffic enforcement activities throughout the City of Monterey on March 11<sup>th</sup>.

Funding for this community safety program is provided by the participating Monterey Peninsula law enforcement agencies.

Lt. Leslie Sonné can be contacted at 831-646-3971 or [sonne@ci.monterey.ca.us](mailto:sonne@ci.monterey.ca.us) for more information.
