

Volunteers Needed!

The **Stormwater and Education Alliance (SEA)** and the **Monterey Bay Sanctuary Citizen Watershed Monitoring Network** are seeking citizen volunteers to **monitor the waters** flowing into the **Monterey Bay National Marine Sanctuary**.

Urban runoff, the water flowing off streets into storm drains enters **streams, creeks**, and the **ocean**. The water carries with it **motor oil, pesticides, paint, trash, antifreeze** and **fertilizers**. It is one of the leading sources of **ocean pollution**.

Help monitor water quality. **No experience is necessary**. Volunteers will be trained for day events or dry weather monitoring programs. Call the **Sanctuary Citizen Monitoring Network: (831) 883-9303**.
