Downtown Specific Plan
Design Charrette

WHEN - October 8, 2010 8:30am - 1pm
WHERE - Monterey City Council Chambers
580 Pacific Street

The City of Monterey is hosting a Design Charrette for the Downtown Specific plan.

Roll-up your sleeves to draw and brainstorm with us for ideas on the future of Downtown Monterey.

Maintain Downtown Monterey as the City center. Foster a pedestrian friendly atmosphere and maintain the historical environment with retail on the ground floor and housing or other uses above. Encourage transportation modes including shuttles, walking, and bicycling. Encourage shared parking to minimize the amount of land dedicated to parking.
