BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2014
INDEPENDENT AUDITORS’ REPORT
MANAGEMENT’S DISCUSSION AND ANALYSIS

Please read this overview in conjunction your reading of the accompanying Basic Financial statements.

THE PURPOSE OF THE AGENCY

At the request of the U.S. Army in 1997, the Cities of Monterey and Seaside formed the Presidio Municipal Services Agency (“Agency”) under the Joint Exercise of Powers Act of the State of California. The Agency coordinates the provision of services by each member city in the operation and maintenance of the U.S. Army's Presidio facilities in Monterey. The original contract expired in August 2006 and a new contract was negotiated for services through May 31, 2007 with four option years, ending May 31, 2011. The Army extended the contract for an additional four years, ending April 30, 2015.

The Agency has no employees. The City of Monterey provides approximately 80% of the services required, along with the entire Agency’s administrative and financing requirements. The City of Seaside provides the remainder. The governing body of the Agency consists of two members, one appointed by each member city. As a separate legal entity, the Agency exercises full powers and authorities within the Joint Powers Agreement. Obligations of the Agency are not those of the member cities.

The United States Army contracts with the Agency for municipal services, such as building maintenance, street maintenance, sewer and water line maintenance, storm drain maintenance and other special projects. The Agency purchases the needed services and supplies from the Cities of Monterey and Seaside, and charges the Army at the Agency’s cost. The Agency records a receivable from the Army and a payable to the Cities when services are provided and invoiced to the Army. As cash is collected from the Army, the Agency repays the Cities.

A. **Basis of Presentation**

The Agency’s Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the U.S.A.

**Government-wide Statements:** The Statement of Net Position and the Statement of Activities display information about the primary government. These statements include the financial activities of the overall Agency. These statements contain only *business-type activities* of the Agency. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the Agency. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The primary function of the Agency is Public Works programs. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

B. **Major Funds**

The Agency contains only one fund.

C. **Basis of Accounting**

The government-wide and proprietary fund financial statements are reported using the *economic resources measurement focus* and the full *accrual basis* of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

D. **Reporting Entity**

The Agency is an integral part of the City. It provides services to the Army whose Presidio base resides within the City limits. In addition, the Agency’s governing body is the City Council. Therefore, the financial data of the Agency has been included as a blended component unit within the City’s comprehensive annual financial report for the year ended June 30, 2014.
