Leave a Personal Legacy to the Monterey Public Library

"A public library is the most enduring of memorials, the trustiest monument for the preservation of an event or a name or an affection; for it, and it only, is respected by wars and revolutions, and survives them."

MARY ANN KANE

“The Monterey Public Library has made a profound difference in the quality of life in our community. Since its founding in 1849 as California’s first public library, it has excelled in providing free and open access to information, education, our history, self improvement, and entertainment.

Today, a skilled, dedicated and caring staff makes all feel welcome, inspires them to be seekers of knowledge, and helps them improve their lives and the community.

I’ve made a great investment, one that will pay dividends for future generations.

Will you join me?”
